|  | SECTION IV – FIRST AID MEASURES  |  |  |
|--|--|--|--|
| Eye:   | Flush eyes with water for 15 minutes.  |  |  |
| Skin:  | Wash affected area with soap and water.  |  |  |
| Inhalation:  | Not applicable under normal consumer use. For Industrial Settings, get medical attention if    |  |  |
|  | irritation persists.   |  |  |
| Ingestion:   | If oral irritation occurs, discontinue use. See physician or dentist if symptoms persist. Seek |  |  |
| medical attention if $\geq 3.0$ ml/kg is ingested (for example, $\geq 21$ ml in a 7 kg child). |  |  |  |
| Additional First Aid Measures: None  |  |  |  |

| SECTION V – FIRE FIGHTING MEASURES |        |                              |                        |          |  |
|------------------------------------|--------|------------------------------|------------------------|----------|--|
| Flash Point:                       | 118° F |                              | Flash Point test       | ASTM D56 |  |
|                                    |        |                              | method:                |          |  |

| Temperature:                       |        | deg. C deg F.                | (% by volume in air)   | UEL %    |  |
| Extinguishing Media:               |        | Use alcohol foam, carbon die | oxide, or water spray. |          |  |
| Explosion Hazards:                 |        | Combustible liquid.          |                        |          |  |
| Special Instructions:              |        | None                         |                        |          |  |

| SECTION VI – ACCIDENTAL RELEASE MEASURES |   |  |
|--|---|--|
| Personal Safeguards:                     | Ventilate spill area.   |  |
| <b>Environmental Precautions:</b>        | Treat and dispose of according to all regulations.                      |  |
|  | Contain spilled material.   |  |
| Spill Clean-up Procedures:               | Industrial: Dilute with water. Eliminate all sources of ignition. Flush |  |
|  | down sewer with large quantities of water.                              |  |
|  | Households: Product used in household may be disposed of in refuse or   |  |
|  | sewer.  |  |

| SECTION VII – HANDLING AND STORAGE |  |  |  |  |
|------------------------------------|--|--|--|--|
| Recommended Storage Tempe          | Recommended Storage Temperature: Store at room temperature. Avoid direct sunlight. |  |  |  |
| Personal Precautions for Safe      | Store at room temperature. Avoid direct sunlight. Avoid contact with eyes.         |  |  |  |
| Storage and Handling:              |  |  |  |  |
| Conditions for Safe Storage:       | Handling and storage area must be well ventilated, cool and dry. Materials         |  |  |  |
|                                    | must be isolated from potential sources of ignition. Fire fighting equipment       |  |  |  |
|                                    | must be available at all times.  |  |  |  |
| Other Precautions:                 | None   |  |  |  |

| SECTION VIII – EXPOSURE CONTROLS, PERSONAL PROTECTION  |  |  |  |
|--|--|--|--|
| This section   | This section only applies to the product when used in an industrial setting. |  |  |
| Ventilation:   | May need local exhaust ventilation for control.                              |  |  |
| Eye Protection:  | Wear chemical goggles when contact is likely.                                |  |  |
| Respiratory Protection: Use approved air purifying resp-organic cartridge if over exposure guideline |  |  |  |
| Skin Protection:   | Nitrile or PVC gloves are recommended.                                       |  |  |
| Other Special Protection:  | None   |  |  |

| SECTION XI – TOXICOLOGICAL INFORMATION               |   |  |
|--|---|--|
| Chronic Effects: No chronic health effects reported. |   |  |
| Target Organs:                                       | No target organs reported.                          |  |
| Carcinogenicity:                                     | This finished consumer product is not carcinogenic. |  |
| NTP:   | No  |  |
| IARC:  | No  |  |

#### SECTION XII - ECOLOGICAL INFORMATION

Relevant ecotoxicity and fate data for ingredients in this formulation have been reviewed. Under normal and foreseeable consumer uses, there are no concerns for aquatic organisms exposed to product ingredients at the anticipated environmental concentrations. The product is compatible with down-the-drain disposal routes, including municipal wastewater treatment processes and septic tank systems. This product is intended for dispersive use and should not be disposed of directly into the environment.
