

# SafeGauze®

Premium Non-Woven Sponges

# So Soft

Quality that professionals can count on  
for best-in-class absorbency and softness

# THE SAFEGAUZE® NON-WOVEN ADVANTAGE

SafeGauze® fabric is the ideal material for non-woven sponges. It offers significant advantages over woven cotton gauze sponges.

## EFFICIENT / COST SAVINGS

Use fewer sponges per patient – material maintains its shape and strength longer, so you use less per procedure.

## ABSORPTION

Absorbs more, retains more – more absorbent with less lint than traditional 12 ply woven cotton gauze sponges.

## TIME SAVINGS

Fast and efficient removal of fluids without adhering to wounds.

## VERSATILE

Use for scrub, prep, cleaning wounds and incision sites, and more.

## SafeGauze®

Premium Non-Woven Sponges  
4 ply, Non-Sterile

LUXURIOUSLY SOFT

A perfect blend of viscose and polyester provides the optimal balance of softness and absorption for a wide range of uses from cleaning, prepping, and placement on incision/extraction sites.

- Soft, smooth, strong – low linting
- Ideal for sustained patient use, disinfecting, general cleaning
- More absorbent than traditional sponges. Unique Diamond Aperture™ design with 40 gram basis weight provides faster absorption and higher fluid retention
- Releases easily from incision/extraction sites for faster healing
- Versatile – can be used for cleaning, prepping and placement on incision/extraction sites
